

# PAC ATTENDANCE POLICY

At Principle Academy Charter, we pride ourselves on providing your child with the best education and want nothing to stand in the way of our students' achievements. Too many absences-excused and unexcused-can keep students from succeeding in school and life.

## How many absences is too many?

Nine or fewer days

10 to 17 days

18 or more days

10%, or two months, can knock students off track.

## What is an absence?

The student is not considered present at school unless home instruction is received at an approved off-grounds location for at least half the school day.

## What does being present a full day mean?

A student is present for at least one hour in the morning and at least one hour in the afternoon.

**FULL DAY**

**HALF DAY**

A student is present for at least one hour during any morning, afternoon or evening session.

Attendance is an important metric for school accountability and your child's success. It is the basis of how our students' programs are funded and how PAC is able to provide a safe and nurturing learning environment.
